AUTHRORIZATION FOR CREDIT CARD USE ON CREDIT REPORT

I, _____, hereby give authorization for my credit card to be charged for the purposes of obtaining a credit report. The credit card I would prefer to be used is as follows:

Type:
Last 8 Digits on Card:
Exp. Date:
Billing Name:
Billing Address:
3 digit code on the back:

The charges related to this service are as follows:

	Single	**Married Couple**
Initial Pull	$8.83	$16.00
Running through Lender's Automated Underwriting Engine *	$7.50	$12.00

- Typically we will only need to run this through 1 lender as we'll have a good idea if it fits their guidelines. There may be cases in which we have to run with additional lenders, for example: information you provided changed or was not initially disclosed, your decision on the loan program changed, or the lender's automated underwriting system could not approve your loan.

In the event that there are issues on your credit report that need to be cleared up, our credit reporting agency does provide additional fee based services to assist you. These services will not be performed without additional authorization by you after reviewing the associated costs.

Please list the borrowers who will be on the loan.
